ADOPT A FAMILY PROGRAM OUTLINE / APPLICATION

Every year during the month of December, a sense of hope and joy abruptly and fearlessly blossoms and before we know it, Christmas is upon us. Suddenly, an energetic spirit overcomes us and a sense of camaraderie and goodwill touches all. Sadly, Christmas is not a happy time for everyone. While the streets may be filled with joy, many parents worry about how they will provide for their family and have little hope for creating happy memories for their children. You can change this by adopting a family in need this Christmas, you will bring hope and joy into the hearts of children and their families and create a holiday filled with lasting memories. Show a struggling family that you care. Adopt a family in need this year and renew faith in the kindness of strangers.

What does it take to sponsor a family?

We ask that if you would like to sponsor a family please fill out this application and return it to the office at 2026 Quilchena Ave, Merritt by November 17th, 2016. Once you identify your interest we will match you with an appropriate sized family and pass that info back to you in order for you to begin the shopping fun as soon as possible. We ask that each sponsored family receives enough food to provide a wholesome holiday meal for all individuals as well as a gift for each member of the family. When individuals register with our program they are given an opportunity to provide an idea of their general interests, some food preferences and clothing sizes and that info is passed on to sponsor families to make this an easier and more positive experience for all. If you find that you have a large group of individuals wanting to get involved we recommend adopting multiple families rather than providing an extra-large hamper to some families while others receive smaller ones.

Please contact me about sponsoring a family:

Due to a widespread demographic of our clients and some previous safety and liability concerns, this year, all hampers will be handed out at our Christmas Hamper Location rather than having sponsors do deliveries. Please be mindful that individuals and families may be going through different life experiences than that of your own, periodically, and we need to ensure safety, respect, and privacy to all those involved under all aspects of our programming.

Thank you for your understanding.
